

UGANDAN LAMBS ASSOCIATION MONTHLY REPORT

1st.August.2025

Children at St. Kizito High School pose for a photo during the visit at school.

General Information

The historical failure of the global extreme poverty rate with 10% of people living below the new international poverty line of 1 dollar and 90 cents per day, the acceptance of the Sustainable Development Goals for 2030, and a record of unemployed and underemployed youths in the Sub-Saharan Africa being high. But there is no time for contentment: 702 million people around the world still live below the poverty line, mostly in sub-Saharan Africa. For this reason, Ugandan Lambs Association USA is devotedly supporting the Sustainable Development Goals set by the United Nations for 2030. The aims of the 17 global objectives are ambitious: one of them being ending of extreme poverty through education. Such a large goal cannot be reached without the intervention of the Ugandan Lambs Association USA aiming at improving lives of vulnerable children through education and catering for their basic needs.

Activities done during the month of July 2025:

1. Visiting children at school
2. Offering guidance and counseling to children
3. Sick Children

1. Visiting children at school

During the month, children were visited at St. Kizito High School. Children were encouraged to read hard so that their grades can improve. They were also advised to continue behaving well while at school since this helps them to be good citizens in the community. They were further encouraged to consult their teachers where they find difficulties in any subject. They were advised to discuss with their fellow students since this will help them grasp what they were taught in class more.

2. Offering guidance and counseling to children

During the month guidance and counseling was offered to children that were visited at St. Kizito High School. Children were advised to behave well and also to put more emphasis on their studies so that they are able to pass well their exams. They were also advised to avoid peer pressure which may lead to bad behavior which may cause children to bad behavior hence leading to irresponsible citizens in society.

3. Caring for sick children

One of the core values of Ugandan Lambs USA is caring for sick children as a way of meeting their physical needs. A paramount objective of all Ugandan Lambs Association USA's programs is addressing health vulnerabilities by improving access to quality health services, disease prevention and psychosocial counseling in a bid to enable the lambs have good health, which is a precondition for living a life of dignity. During the month no Lamb fell sick; they are all fine.
